

BSAI Principals' Conclave – 2026 (Udaipur)

The BSAI Principals' Conclave – 2026 was co-hosted by Heritage Girls School and Central Public School, from August 23 – 25, 2026 at Udaipur.

48 enthusiastic participants that included BSAI Management Committee Members, BSAI Member School Heads and BSAI Member School representatives attended this conclave. All the participants were comfortably accommodated at Yaan, a nature and wellness resort located on a 16-acre hill surrounded by Lake Bagela near Eklingji in Udaipur.

The proceedings began with the Management Committee meeting that was held on August 23 at 6.00 pm at Yaan. The MC Members deliberated upon important issues and prepared the ground for the Annual General Meeting of BSAI that was to be held the next day. The dinner time saw all the participants meeting and greeting each other and the gathering was full of camaraderie and bonhomie.

The next morning saw all the participants assembling at Heritage Girls School where Mr. Pavan Soni, an innovation evangelist and an acclaimed author, delivered the keynote address. He highlighted how increasingly technology is taking away our memory, intelligence and creativity. This was followed by a tour of the school, led by energetic and chirpy students of the school, who gave all of us a quick peek into the daily life and activities of the girls at the school.

Later, all the participants left for Central Public School where they were given a grand reception upon their arrival. A group of bubbly and well informed students took us around the school, showcasing various school facilities and activities.

After a group photograph it was time for some serious deliberations. The BSAI AGM began after a brief cultural presentation by the host school. The President of BSAI Captain A. J. Singh presided over the AGM and presented a report on various events and activities hosted by BSAI in the period since the last AGM. A report on the financial status of BSAI was also shared.

On this occasion the BSAI formally launched the much awaited 'Certificate Course in Pastoral Care' for the staff of BSAI Members Schools. This certificate course is being supported by 'Education World'.

After some serious discussions on future plans of BSAI, the participants were treated to a sumptuous lunch.

It was then time to explore Udaipur city. All participants then moved to 'City Palace' where we got a glimpse of the Mewar dynasty's history and legacy. Later in the evening a breath-taking boat ride on lake Pichola took us to Jagmandir Palace where a royal reception awaited us. A dinner was hosted there by the 77th custodian of the 'House of Mewar' Dr. Lakshyaraj Singh Mewar, an alumnus of Mayo College, Ajmer and his wife Nivritti Kumari graciously joined us adding a royal flavor to the evening.

Overall, the Management, Principals and staff of the two host schools must be complimented and thanked for their meticulous planning and flawless execution of all the events, not to forget their exceptionally warm hospitality.
